B.Sc. Computer Science
Menofia University, Egypt
2020 – 2024

ABDELRAHMAN SAMER KALEFA

Front-End Developer | React.js & TypeScript Specialist

2+ YEARS OF EXPERIENCE	3 COUNTRIES SERVED UAE • KSA • LEBANON	5+ LIVE PRODUCTION PROJECTS	B.Sc. COMPUTER SCIENCE
----------------------------------	---	--	----------------------------------

PROFILE

Results-driven **Front-End Developer** with **2+ years** of commercial experience building responsive, high-performance web applications with **React.js**, **TypeScript** and modern JavaScript. Delivered production platforms for clients across the **UAE, Saudi Arabia and Lebanon** – from enterprise foundation portals to legal-services websites. Strong in RESTful API integration, server-state management with **React Query**, reusable component architecture and web performance optimization. A collaborative engineer who turns designs into pixel-accurate, accessible interfaces and ships on schedule.

PROFESSIONAL EXPERIENCE

Front-End Developer

02/2025 – 07/2025

Fonda | UAE

- Developed dynamic, responsive and cross-browser compatible interfaces for UAE-based web applications using **React.js** and **TypeScript**.
- Integrated RESTful APIs with **React Query** for efficient data fetching, caching and state synchronization.
- Built a library of highly reusable UI components, improving consistency, scalability and speed of future development.
- Partnered with UI/UX designers and backend engineers to review technical specs and deliver seamless user flows.

React.js TypeScript React Query REST APIs Component Design

Front-End Developer

12/2023 – 10/2024

Gamifiresa | Saudi Arabia

- Owned the full front-end lifecycle: design-to-code translation, API integration, component testing and performance tuning.
- Collaborated with mobile and backend engineers on API design, build pipelines and release management.
- Improved application performance and page-load times by optimizing asset delivery and refining DOM interactions.
- Tracked delivery against KPIs to ensure high-quality output and strict adherence to deadlines.

React.js JavaScript Performance API Design Release Mgmt

Front-End Developer

11/2023 – 02/2024

Massfluence | Lebanon

- Built intuitive, highly interactive web applications using HTML5, SCSS, JavaScript and Bootstrap.
- Optimized UI responsiveness and web accessibility across multiple device viewports.
- Identified and resolved UI bugs, improving cross-browser stability and user satisfaction.

HTML5 SCSS JavaScript Bootstrap Accessibility

CORE COMPETENCIES

- Responsive & Mobile-First Design
- Component-Driven Architecture
- RESTful API Integration
- Server-State & Client-State Management
- Web Performance Optimization
- Cross-Browser Compatibility
- Web Accessibility (a11y)
- SEO-Friendly Front-End Structure
- Object-Oriented Programming

SOFT SKILLS

- Teamwork
- Communication
- Problem Solving
- Ownership
- Time Management
- Attention to Detail
- Adaptability
- Fast Learner

LANGUAGES

- Arabic
- Native
- English
- Professional working proficiency

WAYS OF WORKING

Agile / Scrum teams • Remote & cross-border collaboration • Git-based workflows • Code reviews • Design hand-off from Figma • API contract discussions

INTERESTS

UI engineering • Design systems • Web performance • Open-source • Keeping up with the React ecosystem

SELECTED PROJECTS

Reef National Foundation (RNF) [rnf.sa](#)

Built and maintained the official platform of the Reef National Foundation in Saudi Arabia, delivering an enterprise-grade interface with fast load times and a polished, consistent experience across devices.

- Enterprise Platform
- Performance
- Responsive UI
- KSA

Atam Law Firm [atamlaw.com](#)

Developed a professional legal-services website with React.js, focusing on clean UI architecture, mobile responsiveness and an SEO-friendly page structure.

- React.js
- SEO
- Mobile-First
- Clean Architecture

Bluedana [bluedana.com](#)

Engineered an interactive digital platform, managing server state and asynchronous UI components with React Query and modular CSS.

- React
- React Query
- Async UI
- CSS Modules

YouTube Clone [live demo](#)

Built a functional YouTube replica with React and the YouTube API (via RapidAPI), featuring custom CSS layouts that render real-time video feeds, search results and channel pages.

- React
- RapidAPI
- YouTube API
- Custom CSS

Personal Portfolio [portfolio](#)

Designed and deployed an interactive developer showcase highlighting recent commercial work and skill sets, hosted on Vercel.

- React
- Vercel
- UI Design

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3 / SCSS
Frameworks & Libraries	React.js, Redux / Redux Toolkit, React Query, jQuery, Chart.js
Styling & UI	Tailwind CSS, Bootstrap, SCSS, CSS Modules, Responsive Design
Core Concepts	OOP, RESTful API Integration, Web Performance Optimization, Accessibility
Tools & Build	Git, GitHub, npm, Vite, Webpack, Postman, Vercel, Netlify

EDUCATION

Bachelor of Computer Science

2020 – 2024

[Menofia University](#) | Egypt

Foundation in data structures, algorithms, object-oriented programming, databases and software engineering principles.
